On Monday January 22nd 2018 the La Porte Police Department received notification that Harris County Institute of Forensic Science made positive identification of the remains discovered at Bay Forest Golf Course on January the 10th. Those remains were positively identified as 54 year old Shannon Lance Ivey. Ivey was a part time resident of La Porte and spent the majority of his time working overseas. While the investigation continues, all indications are that Ivey's death was the result of a 2016 domestic dispute. Ivey's remains had originally been stored in a leased storage locker by the suspect. The suspect passed away recently, causing the storage unit rent to become delinquent, and leading to the eventual discovery of the remains.
