

Home Inventory Sheet

La Porte Police Department

The property inventory sheet listed below should be used to make a list of your valuable belongings. Once completed, keep the sheet in a safe place and be sure to let another family member know where it has been stored. In the unfortunate event you happen to become the victim of a theft or burglary, you will be able to retrieve the sheet and provide valuable information to responding police officers. Be sure and list as much information about an item as possible, especially serial numbers. The more you list, the better the opportunities for police to recover your belongings. Ensure you list both model and serial numbers for any item, as manufacturers may repeat serial numbers on the same type item for different models. Also, make sure and photograph any item without a serial number.

The first two lines of the form below show an example of how the sheet should be filled out. Finally, LPPD recommends updating your inventory each time you obtain additional items and to review the sheet periodically.

BE SURE AND PRINT CLEARLY

ITEM #	(STEREO, COMPUTER, ETC.)		MODEL#	COLOR	CALIBE R	SERIAL#	ENGRAVINGS OR MARKINGS	VALUE			
1	Television	Sony	SV-1000	BLK	N/A	12345-0	N/A	\$900.00
